

How to Search for Available Properties

Find a Property

The “Find Properties” menu allows you to search for available properties and view maps associated with the property. Each tract of land available for licensing is identified by a Recreational License Unit (RLU) number. Hunting clubs are allowed to bid on and license as many RLUs as they like.

Land available for licensing is listed geographically by state and county. If your preferred county is not listed, then we do not currently have any property available for hunting in that county. Search results can be filtered by using the drop down arrows beside each of the search categories (state, county, RLU, price, and acres).

The “Show RLUs” filter provides you with three options in which you can filter your search: show all available RLUs, open for bidding, and license now (no bidding).

A search filter form with a black border. At the top is a dropdown menu with the text "Show All Available RLUs" and a downward arrow. Below this are four rows of filters. The first row is "State" with a dropdown menu showing "Select" and a downward arrow. The second row is "County" with a dropdown menu showing a blank space and a downward arrow. The third row is "RLU" with a dropdown menu showing "Select" and a downward arrow. The fourth row is "Price" with two input fields: "Minimum Price" and "Maximum Price". The fifth row is "Acres" with two input fields: "Minimum Acres" and "Maximum Acres". At the bottom of the form is a green button with the text "Show Property List".

Show All Available RLUs: Shows all properties available for licensing. This includes properties currently open for bidding and properties that are available for licensing immediately, without bidding.

Open for Bidding: Shows properties that are currently open for bidding. These properties will be open until the bidding period ends. Winning bidders will be notified (via email) at the end of the bidding period. RLU prices listed show the current highest bid value.

License Now (No Bidding): Shows properties that are available for licensing immediately. There is no bidding for these properties. Users can create their licenses soon after purchasing and will be notified by email about payment amounts and due dates.

After selecting your search criteria and clicking “Show Property List”, you will be automatically directed to the “Property Listing” tab.
